Question: I wanted to ask if you would be agreeable to allowing Streetbond 250 at 90 mils to be used as an approved equal substitute to CycleGrip product on the MAPC 2022 - Road Paint Project ID # 1006528360 project bidding on November 2, 2022.

Answer: We do not find the substitute appropriate for the specified product we outline in our specification documents, specifically concerning lack of a resin bond in application of the aggregate product. It cannot be used as a substitute.

Question: I'm having issues with the locked email address, and it is coming back as undeliverable.

Answer: The issue should now be resolved. If you are continuing to have an issue with the bid submission email address, please let me know.

Question: If we put 0 on some of the items, will our bid get thrown out?

Answer: All items with an estimated item amount next to them should be submitted with a price.
